

NESR CAPABILITIES

Welcome to Northeast Ship Repair. We operate world class quality vessel repair facilities in the U.S. East Coast ports of Boston, MA and Philadelphia, PA.

Our full service shipyards firmly believe that a partnership approach with our customers guarantees success for both parties.

“Passion and People”

It is NESR’s unique mix of the two that separates us from the competition. Our ability to draw the best talent from both operations to support your project is what makes us different.

Please contact us at your convenience to discuss your needs and our capabilities. We at NESR strive to offer the safest, most environmentally responsible and cost effective vessel repair and related services available in our operating area.
